Amazing Bali

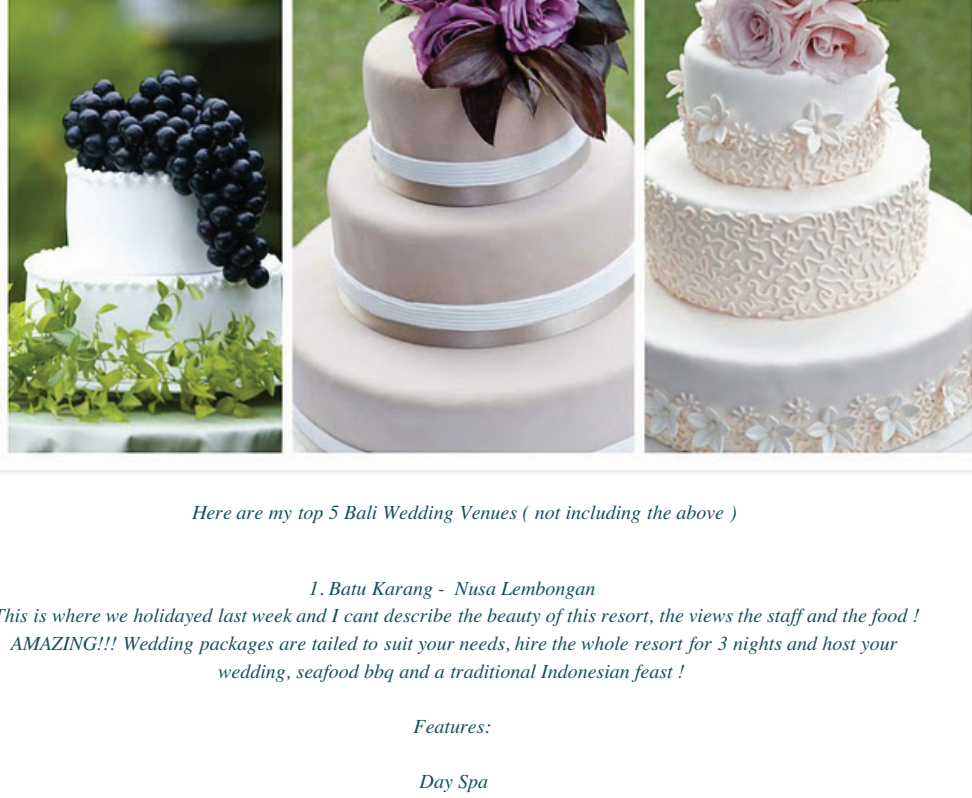

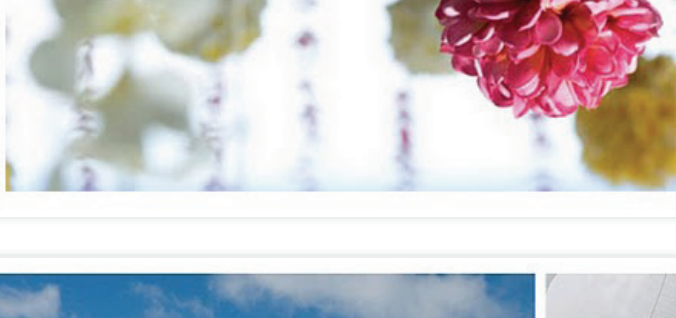

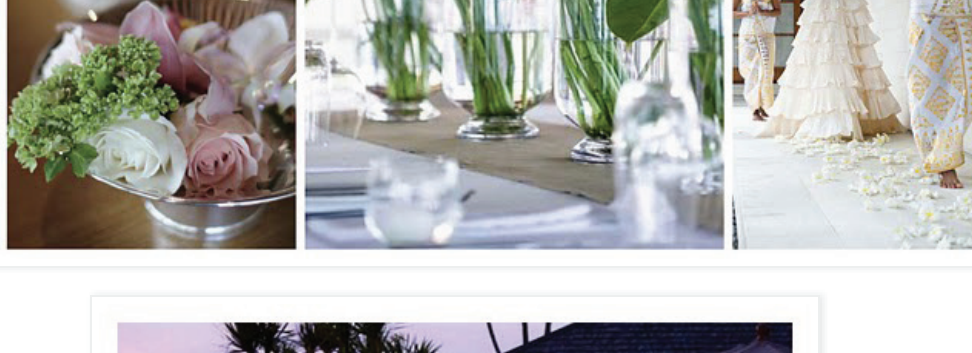

I just returned from an amazing island escape on a small island off Bali, we travelled 30 minutes by car and then 30 minutes by boat to arrive at the STUNNING Batu Karang Resort, whilst relaxing around the pool, snorkelling and bush walking I now understand why so many couples choose Bali as their wedding destination.

One morning while reading the paper and having a freshly squeezed juice, I came across an article of Bali's Best Wedding Planner, Mohammad Gusri is his name, he has organised one of the Thai Prince Weddings, worked with the amazing Preston Bailey and has planned and calmed the nerves of thousands of brides over the years. Mohammed now partners up a wonderful wedding company Tirtha Bridal that was started by a Japanese husband and wife team in 1992, their aim was creating unique and unrivalled wedding in Bali.

Building amazing venues and ceremony locations across Bali they can provide the ultimate wedding experience, with a large team of 80 staff including Bali's best photographers, make up artist and florist you can only expect first class treatment.

Tirtha Bridal also have a partnership arrangement with the exclusive Bulgari Hotel, The Legian and The Four Seasons, this gives you the opportunity to pick from Bali's most exclusive resorts and hotels.
